Them. 40 Left Out of 2000.

"Forty to 50 people reduced to skeletons are all that is left of the 2000 to 2000 healthy peasant women driven down here from upper gementa. The good looking ones are decimated by the vice of the gaolera, whilst the ugly ones are victimized by beatings hunger and thirst. Even those lying at the water's edge are not allowed to drink. Europeans are prohibited from distributing bread among them, More than 160 corpses are taken out daily from Aloppo.

"All this is taking place before the eyes of highly placed Turkish officials. Forty to 50 people reduced to skeletons, are lying heaped up in a yard near our school. They are practically insane, and have forgotten how to eat. If one offers them bread they push it indifferently aside. They atter low groans and awair death.

"Ta-a-lim et almag (the cult of the Germans) is responsible for this, the natives declare.

Secretary Miller, in a statement, said:
Cattlement of today have come to appreciate that things can best be accomplished by common effort. The old time cowman was intensely individualistic.

Legislation, cradication of wild animals, prosecution of cattle thieves and securing of just freight rates can all be solved through organized efforts.

Except for a shipment to eastern markets of 20,000 Meixean sheep the usual end of summer buil in livestock shipments and sules is prevailing in El Paso and its tributary stock raising territory. Kansas City, Chicago and castern entitle buyers are beginning to register at local hotels, however, and local cattlemen predict that business will be humming about the first of October. That is when the fall buying and shipping season usually begins, say these authorities.

Sheep From Madero Ranches.

The sheep which were recently handled through El Paso stock yards came from the Mudero tranches in western Chibnahim. The Bustillos hacienda produced most of the animals. They were striven overland to Columbus, N. M. and londed on trains there.

W. L. Ammonett, secretary of the Panhandle and Southwestern Stock men's association, is optimistic about the prospects for the cattle industry in this section during the fall season. The rains to the Panhandle, he said Tuesday, "were rather late in coming, but reports from there recently show that all classes of stock are in good shape.
